**COURSE DESCRIPTION:** This honors seminar allows students the opportunity to work closely with an instructor in a specific area of the instructor's expertise. Students will be required to bring together interests and skills developed in this and previous courses to make in-depth oral and written presentations on a topic of their choosing. This capstone course will capture the spirit and breadth of the field of Biology through a guided investigation and literature review associated with the chosen subject. This course satisfies NJIT's Honors Capstone requirement.

**PREREQUISITES:** Senior level standing or Junior level standing with the permission of the Instructor.

**COURSE OBJECTIVES:** 1) Improve your ability to access scientific literature in your field of interest, 2) Improve your writing and presentation skills, and 3) Increase your knowledge of a particular subject in biology.

**INSTRUCTIONAL MATERIALS:** The textbook will be "Writing Papers in the Biological Sciences" by McMillan 5th Edition (ISBN: 978-0-312-64971-5) and you will be expected to build a "research notebook" so you should have a 2+ inch binder with binder dividers devoted solely to this course. For the printing of the final papers there is a course fee of \$20, which can be paid to Karen Roach in Biology by February 1st.

**SUPPLEMENTAL MATERIALS:** Any additional materials required for class (primary literature, etc) will be provided through Moodle site (<http://moodle.njit.edu/> UCID required), handed out in class, or distributed via web link. Be sure to edit your Moodle profile to list an email address that you check regularly.

**CODE OF STUDENT CONDUCT:** Be aware of the rules set forth in the [University Code on Academic Integrity](#). In brief, the instructors will not allow cheating or plagiarism. This is doubly important in this class, as your grade will be determined primarily by your performance on a single writing project. All writing assignments will be submitted to Turnitin.com. If you have any questions about what constitutes plagiarism or cheating, please ask the instructors, or refer to the academic integrity code: [Academic Integrity Code](#).

**REASONABLE ACCOMMODATION:** If you have a special need that may require accommodation or assistance, please inform the instructors of that fact as soon as possible and no later than the end of the second class meeting. Students with disabilities who require accommodations must contact Dr. Phyllis Bolling, Center for Counseling and Psychological Services (C-CAPS), Campbell Hall, (entry level), Room 205, (973) 596-3420.
